■ One-piece bell

One-piece bells are formed from a single sheet of metal, one at a time by our craftsmen. The finished bell provides the instrument with excellent response, a rich resonant sound, and colorful tone.

■ High G key

(YSS-875EXHG)
The High "G" key on the YSS-875EX maintains the same functionality as on the original EX letting you comfortably play a high G (a semitone higher than usual soprano saxophones) with greater stability.

■ Case

These saxes come in deluxe ultra-lightweight cases which provide excellent protection. A convenient carrying strap is also included

SSC-875EX
